

## Reliance Thermomix A Rated Control Pack – 202020A

Designed to work with manifolds of all types, on 210mm centres. The thermomix underfloor heating control pack is a bolt on unit providing a quick and simple system to install.

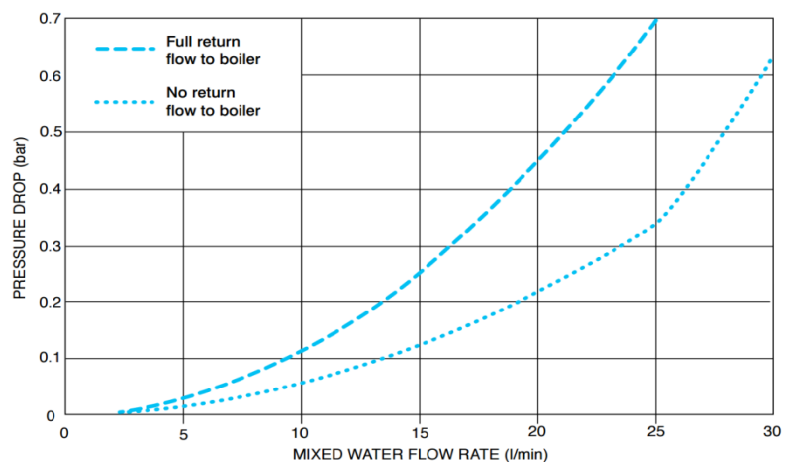

### Pack contents:

- Thermomix mixing valve
- A rated Grundfos pump (UPM3 Auto)
- Connection elbow
- Manifold adaptor
- Necessary seals

### Benefits:

- Compact bolt on unit providing quick and simple installation
- Provides controlled mixed temperature water to underfloor heating systems
- Easy set up within the adjustable temperature to  $\pm 2^{\circ}\text{C}$  even with changing boiler flow and return temperatures
- Nickel plated control pack to match stainless steel UFH manifold
- Blanking cap and pump can be interchanged, so the pack can be reversed.

### Flow rates:

### Technical Specification

Hot temperature supply range	60°C – 85°C
Adjustable temperature range	25°C – 60°C
Maximum supply pressure	10 bar
Factory set temperature range	45°C $\pm 2^{\circ}\text{C}$
Temperature stability	$\pm 2^{\circ}\text{C}$
Connections	Mixing valve inlets $\frac{3}{4}$ " FBSP Manifold connections 1" MBSP
